

Ripley Court School Council Meeting Summary 6 March 2018

We had an interesting discussion about future development, including the new Newte block with its proposed Design Technology and craft lab. Many would like to do a bit more craft, perhaps in some of the art times.

Some other points were:

1. After school class clean up by the children! A most appealing idea!
2. House badges.
3. Barrington would like some new cubbies (cubbyholes) for trainers and also a welly rack. I believe these are in train.
4. Year 3 would like a flower garden. There is no shortage of land so this would be easy.
5. Bring your teddy to school day – more for Little Court, I think. They often have a teddy picnic in summer.
6. Rain coats for MC and UC. A great idea, but when we did have them on the uniform list no one seemed to use them.
7. Birthday treats. Some forms do allow silly hats and so forth.
8. How about a maze to play in? Well, we could have endless numbers of fun things, and the stock slowly improves as time goes by. A tree house was the last idea.
9. Bring in a pet day – no, I'm afraid not.
10. The children are keen on the iPads and would like to use them more in lessons. They are used quite a lot and are out nearly all the time.
11. Four o'clock finish on Fridays? Don't tempt me!
12. Bean bags in the library.

A fun discussion and the usual great ideas. Well done all!
