

Wednesday, 11th March 2026

Dear Parents,

STEM WEEK – w/c 16th March

To celebrate British Science Week, Ripley Court will be hosting a STEM Week in the final week of the Spring term. Children will be taking part in a range of fun and exciting workshops, activities, shows and competitions, as detailed below:

Monday 16th March

Reception – Year 6: Science V Magic Show, led by Almost Impossible Ltd - £5.30 per child.

Tuesday 17th March

Year 1 – 6: Stembotics Lego, led by Hyett Education - £5.30 per child.

Interhouse Timetables Rock Stars begins at 7.30am.

Wednesday 18th March

We will be hosting a TTRS dress up day, where we would love all pupils to dress up as their TTRS Avatar. For year groups not yet using TTRS, a number day dress up includes wearing anything relating to Maths or numbers. We ask that, in return, children donate £1 which will be gifted to the NSPCC.

We will be running our famous Athletics House Competitions. All pupils from Reception to Year 6 will be navigating an obstacle course in order to obtain a Maths challenge; they must work with their house team members to solve the problems. There will be separate Little Court and Upper Court competitions.

Thursday 19th March

Interhouse TTRS ends at 8pm.

Friday 20th March

To celebrate the end of STEM Week, and the end of term, Upper Court will be taking part in a STEM House Competition. Details will be shared on the day.

Please note that to keep prices at an acceptable level for all parents, charges relating to the above activities will be added to your Summer Term Fee bill and we are unable to offer a refund if a pupil is unable to attend for any reason.

We are really looking forward to celebrating STEM Week at Ripley Court and hope that the pupils have fun taking part in the various activities. If you have any questions, please do not hesitate to contact us at dechavesk@ripleycourt.co.uk or westernkayeh@ripleycourt.co.uk

Best wishes,

Mrs Katie de Chaves, Mrs Harriet Western-Kaye and Mrs Yuki Lenti
